

Get better results from the work you do and the life you live.

I talk about how to achieve success and have fun doing it! Audiences say that my presentations make them feel inspired, happy, and ready to employ the practical ideas that I share. They also enjoy my ability to find humor and deeper meaning in the work world and with life in general.

If you're looking for a big-name speaker, my last name has 9 letters in it, which makes it a big name! The son of hard-working Polish immigrants, I didn't start talking until I was three years old. Ironically, here I am now, a professional speaker.

Although I have Masters Degrees from Wayne State University and The University of Michigan, my real education, in the "school of hard knocks," began as a teacher and football coach at Wayne State University. This is where I discovered that people learn and achieve the most when they're having fun. Years later I employed the same approach in the healthcare industry, where I directed programs at hospitals including the Wellness Initiative for 10,000 employees at Beaumont Hospital in Michigan.

The solutions I offer are straightforward, common-sense ideas for real life. Let's talk about which keynote program would most benefit your association's members or your employees.

HIGHLIGHTS

Academic All American
College Football Player
Masters Degree in Education
Masters Degree in Public Health
College Football Coach
Corporate Leader
Teacher

"Captivating, mesmerizing & thought provoking are words that do not even come close to Walt's ability to keep the audience on the edge of their seats. The "Power of Fun at Work" will leave you coming back for more. MOOMBA!!!"

Sonja R. Anthony, M.S., SNS,
President-Elect/Conference Chair,
Alabama School Nutrition Association

"What an exciting & exuberant way to open the Conference! We could not have asked for more. Walt's presentation had the audience in an uproar laughing.... On a scale of one to ten, Walt was a ten in the Committee's eyes."

Denise T. Kelley, Program Committee,
New York State Nutrition Association
