

Hi, I'm

**WALT
STASINSKI**

**Keynote speaker,
captivating storyteller,
& initiator of laughter.**

**Energize
Inspire
Entertain**

Get better results from the work you do and the life you live.

I talk about how to achieve success and have fun doing it! Audiences say that my presentations make them feel inspired, happy, and ready to employ the practical ideas that I share. They also enjoy my ability to find humor and deeper meaning in the work world and with life in general.

If you're looking for a big-name speaker, my last name has 9 letters in it, which makes it a big name! The son of hard-working Polish immigrants, I didn't start talking until I was three years old. Ironically, here I am now, a professional speaker.

Although I have Masters Degrees from Wayne State University and The University of Michigan, my real education, in the "school of hard knocks," began as a teacher and football coach at Wayne State University. This is where I discovered that people learn and achieve the most when they're having fun. Years later I employed the same approach in the healthcare industry, where I directed programs at hospitals including the Wellness Initiative for 10,000 employees at Beaumont Hospital in Michigan.

The solutions I offer are straightforward, common-sense ideas for real life. Let's talk about which keynote program would most benefit your association's members or your employees.
